

Press Release

A Modern Private Club for the Leaders of the Hellenic Maritime Industry

Founding the AHEPA Maritime "St' Nicholas" HJ-45 Club, is an ambitious goal with several social aspects and has already started to be realized.

The Club is housed in a renovated, neoclassical, three store building in the area of Piraeus, near by the Municipal Theatre of Piraeus. It is open for enlisting new members and planning to deliver high quality service to all members.

The total cost of renovating our premises will exceed the amount of 500,000 euros and the completion of the project is expected to be in November 2022.

The AHEPA Maritime St. Nicholas Organization is a private membership club that brings together top professionals from the worldwide Hellenic Maritime Industry and other market business sectors to network, serve, and work together.

Our goal with this new period and powerful alliance is to promote, defend, and proactively support beneficial growth in all areas that together correlate to the current Hellenic Maritime industry's sustainability.
